The following public notification is being released for compliance with the regulations of the Federal AHERA guidelines for the management of asbestos containing materials. The Inspection Report and Management Plan is on file for review at the School District's Superintendent's Office.

**PUBLIC NOTIFICATION**

It has been determined by the Illinois Department of Public Health and the United States Environmental Protection Agency that asbestos is a potential health hazard, and precautions should be taken to avoid disturbing any asbestos containing materials. Any evidence of disturbance or change in condition will be documented in the Management Plan as required by law.

Cleaning and maintenance personnel who recognize the danger of asbestos are taking special precautions during their work to properly guard against disturbance of the asbestos containing materials. All asbestos containing material is inspected and evaluated periodically, and additional measures will be taken when needed to protect the health of building occupants.

I, Gary DePatis, Superintendent of Virginia CUSD No. 64, do hereby attest that the following attached Public Notification has been distributed to the following possible occupants:
