

Course Syllabus Statistics

Course Description:

Students will be able to collect data and use the data to describe various statistics. Students will be able to convey the true meaning of the data in the most appropriate way and know what pitfalls to avoid. Additionally, students will be able to draw inferential conclusions based on such concepts as confidence intervals and hypothesis testing.

Prerequisite & Course Information:

Pre-Calculus

1 semester course, open to grade 12

Grade Determination:

40% Test

40% Homework

20% Quiz

Expectations:

Bring your book, pencil, paper, and laptop to class.

Expect to have a weekly quiz.

Tests will be given at the end of each chapter.

Finals must be taken unless the student met or exceeded on the PSAE test.
